

BUS LANES ARE ESSENTIAL

JAY STREET BUSWAY, BROOKLYN

Length: 0.4 miles

Essential Work Sites Covered: 3,655

Hospitals/Urgent Care Centers Served: 6

Routes Improved (5): B26, B54, B57, B61, B62, B65, B67

Estimated Ridership: 47,000 daily weekday riders

The Jay Street Busway project will create a 0.6 mile bus-only corridor along the major bus thoroughfare between Livingston Street and Tillary Street in Downtown Brooklyn. Over 47,000 daily riders on five bus routes will benefit from faster service and improved access to 3,655 essential work sites, as well as six hospitals and urgent care centers. Improved pedestrian and delivery access will also allow people to flow more freely between bus and subway stations and speed deliveries for adjacent businesses.
